What if you had to replace it all tomorrow?

The University of South Carolina's insurance covers only those items belonging to the institution. The University does not assume any financial responsibility for the personal property of residents or for unintentional damage caused to University Housing property. Personal property and liability insurance is required for all residents. We have partnered with GradGuard, which offers a College Renters Insurance Plan that is specifically designed for students.

Here are some scenarios in which renters insurance can help:

- 🔪 You leave your laptop in the library unattended as you grab lunch, to later find that it was stolen.
- 🔥 You return to the residence halls after class, to find that someone accidentally caused a fire on your floor and the smoke ruined all of your clothes, books and bedding.
- 💧 You accidentally hang your clothes on the sprinkler head. Water damage destroys your stuff and the belongings of other residents on your floor.
