

Marine Culture and Aquarium Laboratory

The fee schedule is based on a pro rata cost recovery structure and is subject to change as necessary.

For users who administer grants through the Institute and generate overhead, a return of overhead will be negotiated on a case by case basis.

Fees

- **Walk-in incubators:**
Small (30 sq. ft.) \$30/week or \$100/month
Medium (88 sq. ft.) \$50/week or \$175/month
Large (130 sq.ft.) \$65/week or \$200/month
- **Reach-in incubators:**
\$20/week or \$75/month
- **Living Streams:**
\$50/week or \$175/month
- **Miscellaneous equipment** (aquariums, filters, water pumps, air pumps, skimmers):
No charge for first 2 weeks of use, monthly charge thereafter at \$20/month per item or \$50/month for complete aquarium system set up. Equipment must remain in wet lab. Researchers may set up their own equipment if space is available.
- **Super Duty Truck:**
\$0.45/mile or \$50/day (whichever is greater). Exclusion: Local trips less than 25 miles round trip and less than 4 hours duration.
- **Seawater:**
\$1/gallon
- **Clean up:**
Failure to clean equipment and/or space after experiments are concluded: will result in a \$40 per hour cleaning charge
